Mr. Fred C. Beans

My dear Sir:-

Your letter to hand. Mr. Easton has been sick for a long time. I received the last letter and was coming to see you but the weather was so bad that I could not go. I have also been sick and am yet. My husband has not worked since last March, his health has been poor, and when we lived in Trenton, he was brought home from the watch factory with nervous prostration. We lived at 286 Hamilton Ave. and before that we lived at Greenwood Ave. Had furnished room there for a long time. I think we lived in Trenton something like 6 years. Alice did not live with us since 1912 she went to live with an aunt in Orange and last July she got into trouble and was kept at the Parential Home and sent from there to Glen Gardner. While she was at Glen Gardner, she wrote letters about the dances and young men. She had me worried as I thought she had went there to be punished and I wrote to the Doctor up there and he never answered my letters. She was allowed to run with men up there and when her time expired she simply went away with one of the men that had been visiting up there often. I received no word whatever from her, but went to Newark and reported it to the Police and the same night I caught her at the Pennsylvania Station with a man and just had the officer take her and the man to the police station where they were both held. I would not like her sent to Glen Gardner again because they are not strict enough up there. Well I don't know how all these trouble are going to end up. I can only hope for the best.

Yours very Respty,

Mrs. Mary Easton,

R.F.D. - 6,

New Brunswick, N.J.
